

# CHEMIGLU SEALANT FOR MITERS

CHEMIGLU Sealant for Miters is a transparent elastic sealant for glue frames in aluminium and PVC frames.

- ✓ Easy application
- ✓ Transparent elastic sealant (white when applying and transparent when drying)
- ✓ Specially developed to seal aluminium and PVC frames
- ✓ Prevents water infiltration
- ✓ Water-based

## APPLICATIONS

Aluminium and PVC carpentry window and door sealing. Floating floor joints.

## INDICATIONS

It is a milky white water-based product that turns transparent when dry. The curing process varies between one week and ten days, from that moment the frames are completely dry.

## INSTRUCTIONS

The surfaces must be clean, dry and free of dust and/or fat. Apply the product on a flat surface and impregnate on one side of the miter before joining by wiping the excess with a damp cloth.
