

CHEMISOL AIRCO CLEANER SPRAY

CHEMISOL Airco Cleaner Spray is a high-quality product suitable for cleaning air conditioning systems in motor vehicles.

- ✓ **Easy application**
- ✓ **Effective in eliminating bad odours**
- ✓ **Antibacterial and antifungal action**
- ✓ **Refreshes air**

APPLICATIONS

Recommended for air conditioning cleaning.

INDICATIONS

The spray must be at room temperature. The best temperature of use should be from 5°C to 30°C.

Before use, shake the spray can for 2 minutes and spray a sample. The distance to the surface to be treated should be approximately 25 to 30 cm.

INSTRUCTIONS

Before use, shake the spray can. Before treatment, switch off the motor and electrical installations.

1° Apply **CHEMISOL** Airco Cleaner Spray to the air conditioning outlets with the provided adapter.

2° Insert the adapter approximately 30 centimeters into the air conditioning inlet and empty the can entirely.

3° After application, do not start the engine or electrical parts for at least half an hour.

4° In this half-hour, the product will dissolve and leave the system through the condensation removal tube as a fluid.

TECHNICAL SPECIFICATIONS

Color	Transparent
Base	Surfactant solution
EU-VOC solvent percentage	≈ 27% w/w
Appareance	White foam
Odor	Orange
Relative density at 20°C	0,967g/ml
Coverage	One treatment
pH	9,5 – 10,5

These values may vary depending on environmental factors such as temperature and humidity. The curing time is higher the lower the temperature and humidity and the greater the thickness of the product.
