

STATIONARY METAL CUT-OFF DISC

CHEMITOOL Stationary Metal Cut-Off Disc offer great cutting stability thanks to the external reinforcement meshes.

- ✓ High performance
- ✓ For demanding cutting jobs
- ✓ Multipurpose cutting work
- ✓ Low burr formation
- ✓ Great stability and job safety
- ✓ Long tool life

CHEMITOOL Stationary Metal Cut-Off Disc is produced with high quality Aluminium Oxide A grain helping to increase the cutting speed and consequently reduce the working time. They are suitable for cutting solid material, sections, profiles and tubes.

Abrasive

Aluminium Oxide A

Suitable for

Steels and castings, non-ferrous metal alloys, special alloys such as nickel- and titanium-based alloys, materials on which sawing and flame cutting is difficult or impossible.

Suitable Machines

Stationary Cutting Machines

CHEMITOOL bonded discs comply with European Standards (EN 12413).
