EN

PAINTS

HEAT RESISTANT PAINT
- Resistant to temperatures up to 800°C

FLUORESCENT PAINT
- Surfaces stay bright and visible at distance

HAMMER FINISH PAINT
- Acrylic enamel, protective and anticorrosive

METALLIC PAINT
- Enamel with shiny metallic reflections

ACRYLIC PAINT
- 100% acrylic enamel for exterior and interior uses

CLEANING

INDUSTRIAL CLEANER SPRAY
- Quickly dissolves grease, oil, lubricants, tar and adhesives

STAINLESS STEEL CLEANER SPRAY
- Leaves a protective cover that prevents dirt from sticking

MULTI FOAM SPRAY
- Cleans without leaving marks

CONTACT CLEANER SPRAY
- Does not damage metals, rubber or plastics. Evaporates quickly

AUTOMOTIVE

CARBURETTOR CLEANER SPRAY
- Dissolves rubbers and resins. Eliminates carbon deposits and varnish

BRAKE CLEANER SPRAY
- Restores braking efficiency without having to disassemble

AIRCO CLEANER SPRAY
- Cleans dust, pollen and nicotine from air-conditioning systems in motor vehicles

WHEEL SILVER SPRAY PAINT
- Resistant to alcohol, gasoline and scratches

QUICK START SPRAY
- Cold fast start for diesel and gasoline motors. Contains special additives

V BELT SPRAY
- Improves transmission effectiveness and enhances traction

PROTECTION

ELECTRO PROTECT SPRAY

- Colorless, odorless and anti-rust

WELDING SPRAY

- Efeito anti-aderente elevado e duradouro, livre de solventes e silicone

IMPREGNATION SPRAY

- Excellent waterproof power and breathable, for all types of material

SILICONE SPRAY

- Antifreeze, lubricant, protective, insulating and moisture-repellent effect

LUBRICATION

INDUSTRIAL CHAIN GREASE SPRAY

- Lubricates, reduces friction and wear. Resistant to heat, cold and salt water

PTFE GREASE SPRAY

- Good adhesion and withstands heavy loads. Prevents corrosion

MULTI SPRAY

- Lubricates and protects without oxidating or damaging. Good heat resistance

PTFE DRY SPRAY

- Resistant up to 250°C. Lubricates plastic, rubber and metal surfaces

PTFE OIL SPRAY

- Repels moisture, prevents and protects against electrical faults and corrosion

PENETRATING OIL MOS2

- Effective tool to loosen rusted parts

COPPER GREASE SPRAY

- Facilitates handling of all parts exposed to temperatures from -30°C to +1,100°C

VASELINE SPRAY

- Resistant from -30°C to +160°C. Used in cosmetic/pharmaceutical industry

CUT AND DRILL LUBRICANT SPRAY

- Allows quick and safe metalworking

ALL-IN-ONE SPRAY

- Ultra-lubricating, penetrating and degreasing. 360° valve

SURFACE TREATMENT

98% ZINC SPRAY
- 98% zinc. Corrosion protection

ZINC SPRAY
- Especially designed for touch-ups

ALU-ZINC SPRAY
- Quick drying. Excellent cathodic protection of ferrous metals

STAINLESS STEEL SPRAY
- Excellent anticorrosive properties. Good elasticity and quick drying

FOOD INDUSTRY

VASELINA SPRAY
- Viscous and protective, high-quality lubricant. Food Industry HSF-H1

SILICONE OIL SPRAY
- Lubricates and protects plastic and rubber parts. Food Industry HSF-H1

ULTRA OIL SPRAY
- Lubricates and protects metal and plastic parts. Food Industry HSF-H1

MACHINE OIL SPRAY
- Heat resistant, lubricates and protects. Food Industry HSF-H1

CHAIN OIL SPRAY
- Lubricates, reduces friction and wear. Food Industry HSF-H1

MACHINE CLEANER SPRAY
- Removes dirt on treated and non-treated metal. Food Industry HSF-H1

GREASE SPRAY
- High-performance PTFE foam lubricant. Food Industry HSF-H1

LUBRICATING OIL WITH TEFLON®
- Lubricates metal/plastic parts subject to pressure. Food Industry HSF-H1

CHEMITOOL CHEMICAL PRODUCTS are manufactured according to the highest construction standard requirements and always in line with the latest European directives and standards. Our wide range of world-class Construction and Industrial Chemical products is produced in order to satisfy our customers and exceed their expectations.

The CHEMITOOL Development Team works closely with carefully selected manufacturers, in order to obtain a top quality product available worldwide.
