

INOX CUT-OFF DISC

CHEMITOOL Inox Cut-Off Disc guarantees great cutting performance, always with maximum safety. Suitable for professional fine cutting in stainless steel.

- ✓ **High cutting performance**
- ✓ **Great stability and job safety**
- ✓ **Breaking resistance**
- ✓ **Does not contain iron, chlorine and sulfur**
- ✓ **Long tool life**

CHEMITOOL Inox Cut-Off Disc is composed of high-quality and hard Aluminum Oxide A. It also contains additives and coatings that reduce the amount of heat generated during cutting, increasing the life of the disc. Guarantees maximum stability and job safety, thanks to the precisely manufactured fiberglass mesh. They are indicated for fine and clean cutting of stainless steel sheets and profiles.

Abrasive

Aluminium Oxide A

Suitable for

Stainless Steel, high tensile steels, hardox, structural steels, galvanized parts and non-ferrous metals

Suitable Machines

Angle Grinder

CHEMITOOL bonded discs comply European Standards (EN 12413).
