INOX CUT-OFF WHEEL-BLACKLABEL

The **CHEMITOOL BLACKLABEL** Inox Cut-Off Wheel guarantees excellent cutting performance with the strictest safety certification (oSa). Suitable for professional cutting jobs on the most diverse materials.

The **BLACKLABE**L, range is distinguished by the excellence of the materials used in its manufacturing process, thus offering a high quality and safe product.

- ✓ **oSa Certification**
- ✓ **High Cutting Performance**
- ✓ **Great Stability and Job Safety**
- ✓ **Breaking Resistance**
- ✓ **Free from Iron, Chlorine and Sulphur (<0,1%)**
- ✓ **Long Tool Lifetime**

The **CHEMITOOL BLACKLABEL** Inox Cut-Off Wheel it's composed by high-quality, high-performance Aluminium Oxide A grain. It also contains additives and coatings that reduce the amount of heat generated during cutting, preventing the piece from turning blue in the cutting area, in its turn increasing the life of the cutting wheel.

Suitable for fine and clean cutting on stainless steel sheets and profiles. Guarantees maximum stability and work safety thanks to the precision manufactured fibreglass mesh.

Abrasive
Aluminium Oxide A

Suitable For
Stainless steel, alloy steels, hardox, galvanised steel and non-ferrous metals

Compatible Machine
Angular grinder

CHEMITOOL BLACKLABEL bonded abrasives comply with European standards (EN 12413) along with oSa certification.
