

SDS-PLUS CHISELS PRO SERIES

CHEMITOOL SDS-PLUS⁽¹⁾ compatible chisels were developed to provide the professional with excellent performance in demolition in the most difficult situations and in the most diverse materials.

These chisels are distinguished by their excellent quality/value ratio.

- ✓ **Great quality/value ratio**
- ✓ **Break resistant body**
- ✓ **Excellent demolition performance**
- ✓ **Available in multiple shapes**
- ✓ **Long tool life**

CHEMITOOL chisels are prepared for demolition in concrete, brick, tile, as well as in other construction materials.

They are available in the forms:

Pointed - Excellent penetrating ability, more accurate, general drilling.

Flat - Great penetrating ability, more demolition area, general chiseling.

Flat Wide - Good penetrating ability, large demolition area.

Gouge/Channel - Good penetrating capacity, opening of superficial channels.

This type of chisel must be used on lightweight electro-pneumatic hammers.

Packaged on an individual hanger with holes for display.

**PRO
SERIES**

Body
Steel

Suitable for
Concrete, masonry, brick, tiles, natural stone

Compatible Machine
Lightweight electro-pneumatic portable hammer
