

ACCESSORIES FOR HOLE SAWS

CHEMITOOL bi-metal hole saw accessories have been developed to complement hole saws, offering adaptations, extensions and replacement accessories for trees.

- ✓ **Great quality/value ratio**
- ✓ **Break resistant**
- ✓ **Easy fit to hole saw**
- ✓ **Long tool life**

CHEMITOOL hole saw accessories are prepared for a wide range of hole saw on the market.

They are equipped with two types of guide drills, high-speed steel and high-speed steel with 8% cobalt, the latter more suitable for jobs where it is necessary to guide in harder materials (stainless steel, for example).

Fittings are solidly built to withstand the pressure exerted.

Available accessories:

Pilot Drill HSS and **Pilot Drill HSSE-CO 8%** for replacement in case of breakage.

300mm extension to access hard-to-reach places that require an extension.

Thread adapter to expand hole saw diameters on threaded arbor from 1/2" x 20mm to 5/8" x 18mm (allowing use from diameter 32 to 210mm).

Eject spring for removing excess material inside hole saw.

Packaged in individual blister pack with display hole.

Body
Steel

Suitable for
Hole saws

Compatible equipment
Drill machine without percussion
