MAINTENANCE AND STORAGE CARE

WARNINGS: Before use, check that all gloves are free of defects or imperfections. If in doubt, discard the glove and replace with another. If gloves are to be used in contact with chemicals:- make sure that the chemical cannot come in contact with the skin through the cuff;- avoid direct contact of the chemical with the skin, even if it is declared harmless; In case of accidental contact with the skin, wash thoroughly with soap and water; Remove and discard the gloves as soon as possible after use. Avoid contact with ketone solvents. These gloves should not be used in applications that require protection against mechanical or thermal hazard. Wear gloves with dry, clean hands. Wear gloves dry inside.

INSTRUCTIONS FOR USE: These gloves are designed for single use only. For more information, please refer to the information printed on the product packaging.

STORAGE: store in a dry place, away from light and heat at temperature <35°C. Keep away from sources of ozone or flammable sources. The hygienic condition of the product is guaranteed only with the packaging intact. Keep the packaging for further information and to ensure traceability.
