

FIXING BRACKET

LADDERS AND STEPLADDERS

A vehicle ladder attachment system designed to allow safe and efficient transport of ladders/escalators on vehicles such as vans or trucks.

It is important to follow the instructions provided by the manufacturer when installing and using a vehicle ladder fixing system. These systems are designed to ensure the proper safety and protection of the ladder and vehicle occupants, therefore it is essential to use the system correctly and inspect it regularly to ensure its integrity.

Product Benefits

Allows ladders to be attached to the load step stirrups quickly and safely

For ladders and stepladders

Maximum width: 35cm

Adjustable height: 10-30cm
