

ELECTRIC PALLET TRUCK

24V/20AH - 1500KG

Lithium battery pallet truck with a load capacity of 1.5 tonnes, ideal for transporting loads in confined and congested spaces. It features an ultra-slim design, which brings better manoeuvrability. Equipped with a 24V/20Ah lithium-ion battery and integrated charger, it offers high availability for multi-shift work thanks to fast and flexible charging and zero maintenance, effectively increasing productivity. Improved wheels increase stability when travelling on uneven roads and ramps.

Compact and manoeuvrable for transporting pallets along narrow aisles in small and medium-sized production bases or construction sites.

NOTE:

2nd battery optional, not standard

TECHNICAL SPECIFICATIONS

Technical details	
Drive	Electric
Driving	Standing operator
Tension	24V/20Ah
Loading capacity	1500kg
Lifting height	125mm
Fork dimensions	55/150/1150mm
Fork width	590-695mm
Turning radius	1360mm
Battery capacity	20Ah
Speed	5,5km/h
