

PLASTERING TROWEL

Plastering spoon made of stainless steel with wooden handle.

Professional steel spoon, maximum durability, no point, ergonomic and light.

Handle made of PEFC certified beechwood, pleasant to touch, with stainless steel ferrule. For plastering work.

- ✓ **Prepare the dough and roll it out with the utmost confidence that the spoon will never break.**
- ✓ **For life. Made from special stainless steel.**
- ✓ **Does not wobble. Perfect fixing between the spike and the PEFC certified, soft-touch beech wood handle.**
