

LEVER HOIST

CHEMITOOL lever hoist. This is the highest quality tool of its type, ideal for working in confined spaces, where versatility and efficiency reign supreme. It is designed to handle lifting and hauling loads.

It's light, robust and wear-resistant, as well as having a heavy-duty chain.

Its steel frame and gearbox extend the appliance's service life.

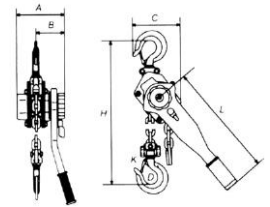

Effective control of the load is ensured by a mechanical brake that holds it at any point and releases it when necessary. Its simple design guarantees economical maintenance without the need for special tools.
