

PROSPONGE 2S DOUBLE-SIDED ABRASIVE SPONGE

PROSPONGE 2S CHEMITOOL double-sided abrasive sponges with a rectangular shape have been specially developed to provide extraordinary labour efficiency due to their resistance to abrasion, as well as their special silicon carbide composition.

- ✓ **Excellent quality/value ratio**
- ✓ **Easy to use**
- ✓ **Size 122 x 98mm**
- ✓ **13mm thickness**
- ✓ **Uniform finish**
- ✓ **Washable and reusable**

The double-sided abrasive sponge for wood can be used on the most diverse substrates, such as wood, wood composites and coatings.

This type of abrasive sponge allows it to be used for more aggressive sanding, as well as for preparation/stage sanding.

For greater durability, this sponge can be used with water or dry, depending on the type of finish you want to achieve.

Abrasive

Silicon carbide

Suitable for

Wood, wood composites and coatings
