

CURVED LENS PANORAMIC GOGGLES

CHEMITOOL Curved lens panoramic goggles has been designed to protect against mechanical risks, chemicals, dust, drops, mists of liquid and UV and solar radiation. The panoramic protective goggles offers a wide field of view thanks to its wrap-around design. The frame is made of vinyl material and its design allows it to be used with most of the user's own prescription glasses. The polycarbonate eyepiece offers excellent protection against mechanical hazards. The support band is adjustable to suit the different morphology of users.

- ✓ **Wide colorless eyepiece, excellent field of view**
- ✓ **Fits all types of faces**
- ✓ **Adjustable elastic band**
- ✓ **Standard EN 166**
- ✓ **Standard EN 170**
